

	DOCUMENTO	CÓDIGO: PC-D-10
	INTEGRATED SYSTEM POLICY	VERSIÓN: 04
		REVISADO: 11/03/2020

LARM members of the Latin American Relocation Management Group (LARM), an SME company, offers relocation services, corporate services and immigration assistance to individuals, companies, officials and their families nationally and internationally, assuming the commitment and leadership of protecting its collaborators, care for the environment, preservation of information and satisfaction of its clients, allocate resources and competent personnel for the continuous improvement of its integrated systems and formulates the following guidelines:

- Prevent incidents, accidents and occupational diseases, reducing risks to the health of our employees and contractors.
- Implement actions that aim at the well-being and satisfaction of our internal and external clients and interested parties.
- Reduce the impact of our operations on the environment and on the prevention of contamination.
- Guarantee the custody and management of sensitive information under the principles of confidentiality, availability and integrity.
- Comply with current legal and other requirements applicable to the organization and management systems.
- Creation of strategies that increase participation in matters of social responsibility of the Company.
- Manage the sustainability of the business and increase in the income statement.

Compliance with this policy is mandatory for collaborators, contractor suppliers and all interested parties that may be in charge or affect LARM, always supported by our values of integrity, professionalism, fair, respectful and transparent treatment.

Angélica Escobar
